

200 NEW JOBS CREATED

The new 60,000 square foot facility, including a covered loading area and 11 truck bays, brought 200 high quality jobs to our community. It is a proud step forward in Yuma's growth in logistics and distribution.

This efficient turnaround highlights Yuma's ability to fast-track projects, offering companies a predictable and responsive development environment.

WHY YUMA?

Yuma's strategic location offers direct access to major transportation corridors, a skilled regional workforce, and business-friendly processes. This project shows that speed-to-market can be achieved without compromise.

IMPACT

- 200 jobs created, supporting local families and boosting the regional economy
- Catalyst for growth, highlighting Yuma as a top choice for logistics, manufacturing, and distribution
- Positions Yuma as a competitive market for companies seeking speed, certainty, and scalability

COMMUNITY DEVELOPMENT & PERMITTING EXCELLENCE

Yuma's proactive Community Development team ensures projects move smoothly from application to Certificate of Occupancy. With collaboration, transparency, and speed, companies experience:

- Fast-track permitting and approvals
- Responsive, thorough plans review
- Strong interdepartmental coordination
- Clear communication with developers

Yuma offers more than location and workforce. Our city government is dedicated to project success from day one.
