REGIONAL SUPPLY CHAIN SERVICES

YOUR SUPPLY CHAIN EXTENDS BEYOND THE BORDER

Greater Yuma's strategic location provides businesses with access to a diverse network of industrial suppliers and specialized service providers across the region. From aerospace components and precision machining to manufacturing materials and logistics, this network supports regional operations and business growth.

MANUFACTURING CAPABILITIES

Precision Machining & Metal Fabrication

- CNC milling, turning and 5-axis machining
- Sheet metal fabrication and bending
- Industrial welding and metal fabrication
- Metal stamping, die casting and grinding
- Anodizing, powder coating and painting

Plastics & Specialized Manufacturing

- Custom plastic injection molding
- Mold design and tooling
- Cleanroom manufacturing for medical components
- Precision cutting and forming

Engineering & Product Development

- CAD modeling and reverse engineering
- 3D printing services (metals, polymers & resins)
- Custom fixtures, dies and gauges
- Industrial machine design & development
- Industrial assembly and product integration

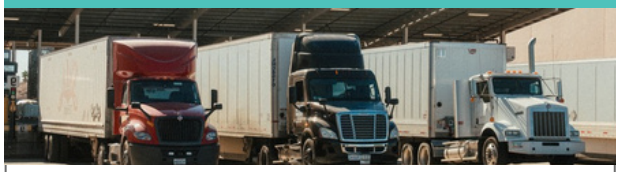

Additional Manufacturing Capabilities

- Aerospace stators, rotors and armatures
- Electrical testing and balancing
- Garment sewing, embroidery and sublimation
- Custom packaging and assembly

56

SUPPLY CHAIN COMPANIES

MATERIALS SUPPLY

Metals & Specialty Materials

- Aluminum extrusions, plates, sheets, bars and tubes
- Standard and specialty industrial metals
- Carbide and high-performance metals
- Metal cutting services
- Industrial fasteners, stamped parts and plastic components

Electrical & Aerospace Materials

- Aerospace wire and cable
- Connectors and cable accessories
- Cable cutting and marking
- Industrial materials for aerospace, medical and semiconductor applications

Packaging & Labeling

- HDPE bottles and plastic containers
- Custom wooden pallets and packaging
- Sustainable packaging solutions
- Adhesive labels for MRO and product identification
- Laminating and adhesive material conversion

Industrial Supplies & Equipment

- Conveyor belts, motors and modular belt assemblies
- Fire protection equipment
- Hydraulic oil purification filter elements
- Industrial MRO sourcing and supplies
- Industrial chemicals, adhesives and sealants tracking

Sourcing & Inventory Managment

- Industrial material sourcing and procurement
- Vendor-managed inventory (VMI)
- Hydraulic oil purification filter elements
- Inventory management and expiration tracking
- Warehousing and distribution

REGIONAL CONNECTIVITY

Proximity to major markets
Across the U.S. and Mexico

< 6 HOURS
To the Ports of Los Angeles, Long Beach, San Diego & Ensenada, BC

3 commercial ports of entry
Calexico East & West, and San Luis II

Take advantage of a strong binational supply chain network to support your manufacturing in Greater Yuma.
